

## Fusion Practices' GrantsNow

The pre-awards solution you can configure to suit your institution's processes and terminology.

### Pre-awards Solution Integration Challenges

- Cannot easily be integrated to Oracle ERP or other ERP systems
- May require 3rd party and technology support
- Requires complex and time-consuming integration

Our system is designed to meet these challenges. Our team is comprised of experienced higher education research experts, solution design specialists, enterprise architects, and cloud computing experts who have engaged with institutions and developed GrantsNow.

Pre-built plug and play integrations reduces implementation time

Reduces the number of third parties and less technologies to support

Offers users a unified look and feel with Oracle Cloud ERP enabling faster adoption

### GrantsNow Integration Capabilities

Fully integrated with Oracle ERP – Oracle HR and Finance Modules

Integrated into Oracle Grants Management Cloud to post awards process

Full integration with other third-party systems on your behalf

Can be implemented as a standalone application
